About the Stir it up! program...

What is *Stir it up!*?

Stir it up! is an exciting project coordinated by the Illawarra Shoalhaven Local Health District (ISLHD) Health Promotion Service.

Interested people complete a training program and are then supported to promote healthy eating in their local communities

Since September 2010, trained volunteers have become involved with community gardens, provided nutrition talks and cooking demonstrations at schools, pre-schools, playgroups and community organisations and have participated in a number of other community nutrition initiatives

What do I need to do if I wish to become a *Stir it up!* volunteer?

- Complete the *Cook and Eat for Health* course run by Kiama Community College —one day per week for ten weeks
- Apply to be a *Stir it Up!* volunteer
- Complete a one day workshop to learn about *Stir it up!* and the resources and support available for volunteers
- *Stir it up!* volunteers are encouraged to run at least two healthy food activities each year and attend regular training updates (2-3 hours, once or twice each school term)

Check out the webpage at <http://foodfairnessillawarra.org.au/projects-stories/stir-it-up/>

Support and Resources

Support, ongoing training and resources are available for *Stir it up!* peer-educators to use when promoting healthy eating.

Other Details

Acceptance to the *Stir it up!* Project will be dependent on a Working With Children Check being completed satisfactorily.

For insurance purposes, volunteers will be registered with a partner organisation or Illawarra Shoalhaven Local Health District (ISLHD).
